

Booth Setup and Maintenance

Vendors are expected to keep their display areas clean, the carpet swept, and the merchandise dusted. Booths and cases should be attractively displayed and rearranged on a regular basis. A vacuum will be provided for Vendor use. Vendors should supply their own glass cleaner, dusting product, paper towels, etc. In the event Vendor fails to keep the display area clean and neatly displayed, New Paris Antique Mall will have the space cleaned and Vendor will be charged a fee of \$25 per cleaning.
